

ADVANCED.fst® Management Level Food Safety Training/Certification Ottawa, Ontario Tuesday November 1, 2016

ADVANCED.fst® Management Food Safety Training Is Important To My Business!

Give your managers/staff the confidence and the knowledge to make the right food safety decisions everyday in your operation. Keep your customers and your business safe.

What are the benefits?

Learn about proper temperatures, receiving and storing, pest management, hygiene, purchasing and receiving, bacteria, listeria and other micro - organisms, the flow of food and much more.

Protect your business against the costly effects of potential food borne illness outbreaks. Improve food quality, cost control and inventory rotation procedures.

Meet Food Handling Requirements and Keep Your Customers Safe – Meet MAPAQ Requirements
